Admission \$5  
Children under 14 free  
Free parking

The Chautauqua County Antique Equipment Association grounds contain a working blacksmith shop, saw mill and print shop. We have a sugar shack run by the Maple Syrup Association, also a museum that holds our Women's Collection. Here we demonstrate weaving and butter making and needle arts among other things. The show also includes a silent auction, flea market, hit & miss engines, tractor pulls, tractor games antique cars and many other old engines, motors, pumps and garden equipment.

This year we will be featuring items made in Chautauqua County, grape farming items and crawler vehicles.
